In Milwaukee Wisconsin at the Milwaukee County Jail in April, 2019 around 10:30 pm. I was sleeping and was awoken by coughing, and choking. The Supervisor's Drayo, and the boss of him told the officers not to open any of the cells, where myself and the entire 6/D pod continue to choke, and cough due to the officers spraying chemical agent (Pepper Spray) without turning off the ventilation system. The nurses came to 6/D after the male workers attempted to clean

the ventilation system and spray the pod with hopes to cease the smell and improve our breathing. Once the nurses made it back to the 6D unit they instructed the supervisor to open the cells 30 minutes later, and myself and others were begging to go to the gym where there was air. I was throwing up, turning red faced, and it was very hard to breathe. After 15, 20 minutes of myself and a variety of others were gagging, coughing, throwing up, and choking per the nurse staff we were transported to the gym, there on I had a oxygen treatment, and 20 minutes later I were able to get a breathing treatment. The "Acula" Aucla came to interview the jail, and myself once I was transferred to The Milwaukee House of Correction.

C. JURISDICTION

D. RELIEF WANTED

Describe what you want the Court to do if you win your lawsuit. Examples may include an award of money or an order telling defendants to do something or to stop doing something.

I would greatly appreciate if the courts would properly confiscate me for this matter endangering my safety and health that could have resulted more severe if I would have had a massive heart attack, and or asma attack.

Drayo, and his Boss may need to resign and or be court ordered to have a safety class based on how to handle this type of situation.
